ingredient highlights

Rejuvenation & UV Protection

- Organic Aloe Barbadensis Leaf Juice soothes the skin and protects it from UV damage. With its natural anti-inflammatory properties it can help to reduce the look of redness and scarring.
- Vitamin E is an anti-oxidant that protects your skin from free radicals and prevents damage from occurring. Vitamin E will help prevent signs of premature aging.

Moisturizing

- Studies on individuals with dry skin show that Organic Coconut Oil can improve the moisture and lipid content of the skin.
- Organic Sunflower Oil is known for retaining moisture and keeping the skin from drying out. It's high in antioxidants which keep out free radicals that can cause premature aging.
- The traditional use of Organic Shea Butter is to reduce the appearance of fine lines, scars, and stretch marks and to ease a variety of skin irritations such as psoriasis, eczema, and sunburn.

Pore Minimizing & Antiseptic

- Sugar Cane contains glycolic acid which helps protect the skin from toxins, moisturizes, and conditions. As a natural exfoliate, it eliminates dead skin cells and blemishes while restoring the natural balance of oils in our skin.
- Organic Chamomile Tea has amazing anxiolytic and antioxidant properties which fight against acne and acne scarring. It can also lighten your skin tone for a more natural, healthy glow.
- Organic Arrowroot Powder is a nutritious starch from the root of the plant that was used by aboriginal peoples to heal wounds from poisoned arrows (thus the name).

suggested usage
