

Age Delay Beauty

Rose Moisturizing Cream

goDesana Organics' Rose Moisturizing Cream is a rich, high-performance cream perfect for dehydrated skin that provides the dual benefits of hydration and antioxidant protection. Hydrates skin, helping to replenish and balance skin's moisture during the day and restore skin's natural radiance.

ingredient highlights

Moisturizing

- Organic Plum Kernel Seed Oil dramatically improves skin elasticity, nourishes, and moisturizes. Can be effective in treating dry skin, psoriasis, eczema, scars, and acne.
- Rose Essential Oil is an extraordinary beauty oil supporting every skin type. It is especially recommended for infected, dry, or sensitive skin. It is helpful for aging skin and often found in high-end rejuvenation cosmetics.
- Organic Argan Oil is a rich source of nutrients particularly beneficial for the skin, hair, and nails. Packed with antioxidants, vitamin A and E makes for a high healing properties. Proven to ease inflammation while keeping the skin moisturized.
- Organic Macadamia Nut Oil is fabulously protective with a high absorption rate. It can be used as a healing oil for scars, sunburn, minor wounds, and other irritations.
- Meadowfoam Oil is high in antioxidants which contain great anti-aging properties. It's a great moisturizer, and can reduce the look of fine lines, wrinkles, and scars.
- Organic Sunflower Oil is known for retaining moisture, and keeping the skin from drying out. It's high in antioxidants, which keep out free radicals that can cause premature aging.
- Ylang Ylang Essential Oil is great at restoring natural oil production. It's perfect for all skin types because it will correct oil imbalances.

Anti-Aging

- Sea Buckthorn Oil has a high amount of Vitamin C, which offers a maximum amount of antioxidant as well as anti-inflammatory properties. The antioxidants improve skin texture and overall pigmentation.
- With a history dating back thousands of years, Frankincense Essential Oil is known for its powerful healing and anti-aging benefits. It promotes healthy cell regeneration, treats dry skin, reverses signs of aging, and lessens the appearance of scars.
- Lavender, fine Essential Oil has great soothing qualities and can reduce inflammation, leaving the skin tone even with an all around better texture. It also relieves tension and stress which are two main causes of premature aging.
- Organic Pomegranate Seed Oil helps to reverse signs of skin damage, revealing a more youthful appearance. It contains punicic acid which is an omega 5 fatty acid that has very high anti-inflammatory properties.
- Organic Rosehip Seed Oil is an excellent source of natural Vitamin E and natural Vitamin A, or 'trans-retinoic acid'. Retinoic acid, the acid derivative of Vitamin A, is the active ingredient found in Retin-A or Tretinoin. Retin-A (a pharmaceutical preparation) has been heralded as a wrinkle cure because of its ability to increase skin cell proliferation, or speed the time it takes for your skin to regenerate. In fact, Rosehip Seed Oil has been extensively studied for many of the same actions attributed to Retin-A, and has been shown effective without side effects like over-drying and peeling, though unlike Retin-A, it should not be used to treat acne.

suggested usage

- Use daily.
- After cleansing and toning, massage onto skin with a gentle, circular motion.
- Add 1 to 2 drops of your favorite goDésana Organics Essential Oil to a small amount of Age Delay Rose Moisturizing Cream then apply to pulse points for an indulgent personal scent.
