Skin Toning Serum

goDésana Organics' Age Delay Skin Toning Serum tightens skin on tummies, thighs, breasts, arms, etc. Use wherever you want smoother, firmer looking skin.

ingredient highlights

Moisturizing & Toning

- Ylang Ylang Complete Essential Oil is great for restoring your body's natural oil production. It's perfect for all skin types because it will correct any and all oil imbalances. It's known to regenerate skin cells, improve skin elasticity, and smooth fine lines.
- Rose Geranium Essential Oil can help to eliminate or reduce the appearance of scars and dark spots. It does this by improving the blood circulation below the surface of the skin and promoting an equal distribution of melanin. It also helps to improve skin elasticity and tightens the skin.
- Lavender, vera Essential Oil helps regenerate skin cells, so it's great for mature skin, sun spots, and scarring. Another great oil for all skin types and needs shown to assist with skin healing, and keeping skin firm.
- Sesame Seed Oil has antioxidants that help to slow down the signs of premature aging. One of its key ingredients is sesamol, which prevents the appearance of fine lines, and wrinkles.

suggested usage

- Shake well before use.
- Apply topically two to three times per day.
- Dilute 20 drops to 1 ounce of Rosehip Seed Oil and apply on the breasts, thighs, and buttock areas of the body.
