product summary

Grow is a synergy blend formulated to assist with hair growth. It nourishes the scalp and revitalizes damaged, thinning hair. When combined with heat and massage, Grow will assist with increasing scalp circulation, resulting in a healthy, supple, well-nourished scalp.*

ingredient highlights

Hemp Seed Oil contains many Omega-3, Omega-6 and Omega-9 fatty acids, proteins, vitamins and other nutrients beneficial to hair growth & health. It is easily absorbed by the scalp and hair, so it won't leave hair sticky or greasy.*

Argan Oil is used as a moisturiser, conditioner, and softener for skin and hair. It contains large amounts of beneficial nutrients including Vitamin E and fatty acids, and is therefore frequently dubbed 'liquid gold' for its amazing qualities.*

Rosemary ct. 1,8 cineole is one of the best essential oils for enhancing hair growth. It's packed with antioxidants which can prevent thinning hair and even graying hair. Rosemary promotes blood circulation, so it's perfect for stimulating hair follicles and, therefore, growth.*

suggested use

- Use up to 3 times per week. For best results massage into scalp and leave overnight; shampoo in the morning.*
- Mix 20 drops to 4 ounces of distilled water and spray onto damp hair; massage into scalp.*
- For a deep conditioning treatment, apply to hair & scalp and cover with a warm, wet towel. Leave on for at least 30 minutes, and then shampoo. Use at least once per month.*
