

HepaDetox

HepaDetox is a blend of Essential Oils that are known to help the liver detox and also to regenerate and rebuild liver cells. The liver must deal with everyday toxins such as drugs and alcohol, food additives, and any other poisons that find their way into the digestive system, along with toxins that we breathe in or are exposed to through the skin.

It is important to protect the liver and to help it detox when possible. Drugs and alcohol are known to cause cirrhosis of the liver. Fatty Liver Disease and Hepatitis may also cause life-threatening damage to the liver.

HepaDetox is best used after the initial phase of an acute attack of illness rather than during the attack.

ingredient highlights

- The diuretic and purifying properties of Carrot Seed make it an excellent detoxifier and liver support. It is extremely helpful in fighting jaundice and hepatitis, being most effective following, rather than during, an illness, as it aids in regeneration by stimulating the growth of new cells and tissue.
- Peppermint encourages bile formation, which is essential for optimal fat metabolism, while regulating the liver.
- Lemon encourages bile secretion, aids liver function, and helps to decongest.

general uses

- Rub 1 to 2 drops of HepaDetox on the liver reflex area of the right foot. Massage in thoroughly.
- Apply 1 to 2 drops, neat, to the skin directly over the liver area. Massage in thoroughly.
- Add 2 to 3 drops of HepaDetox to the juice of ½ or 1 whole organic lemon. Mix and drink.

responsible cautions

- Non-toxic, non-irritant, non-sensitizing.
- Keep out of reach of children and pets.
- Use as directed and adhere to Responsible Cautions at www.goDesanaOrganics.com/cautions.asp.
- Store away from sunlight, at room temperature, with the lid securely tightened.
- Do not exceed recommended dosages.

ingredients

100% Pure, Certified Organic and Wildcrafted oils of Carrot Seed, Peppermint, Lemon, and Rosehip Seed

topical dilution guidelines

Ages 10 & Over: Topical dilution for healthy individuals is 10% (60 drops per 1 ounce of carrier oil). A topical dilution of 25% (150 drops per 1 ounce of carrier oil) may be warranted in cases of severe pain, bad bruising, or serious muscle cramping.

pregnancy & children

safety group #3

Topical

- Infant to 3 months - *not recommended*
- 3 months to 3 years - *not recommended*
- 3 to 5 years - 3 drops in 10 ml carrier oil
- 5 to 10 years - 6 drops in 10 ml carrier oil
- Pregnancy - safe when used as directed starting in the 2nd trimester at a 3% dilution (15 drops per 1 ounce)

Bath

- Infant to 3 months - *not recommended*
- 3 months to 3 years - *not recommended*
- 3 to 5 years - *not recommended*
- 5 to 10 years - *not recommended*
- Pregnancy - *not recommended*

Remember that blends, because of the smaller percentage of stronger oils, are usually safer than single oils; especially during pregnancy, while nursing, and when using with children or the elderly.
