

Isoflex Infused Massage Blends

Isoflex Cool Down

Ingredients: *Wintergreen, Marjoram, sweet; Helichrysum, Rosemary 1,8 cineole, Peppermint, Cypress, Sesame Seed Oil, Fractionated Coconut Oil*

Used after working out, this blend helps the muscles to cool down properly, thereby avoiding cramping and soreness the next day. Isoflex Cool Down contains Helichrysum and other pure Essential Oils known to be antispasmodic and anti-inflammatory, which helps when we have overworked or strained a muscle. Apply liberally to the muscles after a workout (do not apply to wet skin as it may be irritating).*

TOPICAL

Essential Oils pass through the skin's epidermis and are carried away by the capillary blood circulating in the dermis. The more skin you cover, the greater the dose. Very seldom will Essential Oils be applied neat or undiluted.

◆ Apply to the areas of concern following strenuous physical activity.*

- ✦ Pregnancy - Not recommended
- ✦ Infant to 3 months - Not recommended
- ✦ 3 months to 3 years - Not recommended
- ✦ 3 to 5 years - Not recommended

Safety Group #4

Isoflex Warm Up

Ingredients: *Wintergreen, Marjoram, Sweet; Rosemary 1,8 cineole, Peppermint, Ginger Root, Cypress, Sesame Seed Oil, Fractionated Coconut Oil*

Formulated to help warm the muscles before exercise to protect the body from injury. This blend contains Ginger, which warms the muscles helping them to stretch and relax more easily. May also help those with arthritis who require heat for joint ache relief. Massage a small amount into the muscles that you will be exercising (calves and thighs for walking, shoulders and upper arms for lifting etc.).*
