

Slimmer

As a companion to goDésana Organics' exclusive Cell-U-Lite Essential Oil Blend, Slimmer will aid in addressing cellulite as well as weight loss in general by working from the inside out.

The Essential Oils in this proprietary formula can be beneficial for weight loss because they can help to control your appetite, boost your metabolism, and minimize your desire to eat excess calories.

ingredient highlights

- Like many citrus oils, Pink Grapefruit has a unique “fat dissolving” characteristic, and is well known for reducing cellulite. Additionally, the pleasing aroma has laboratory-confirmed appetite reducing effects. Adding a drop of Pink Grapefruit Essential Oil to drinking water gives a refreshing zing that also has wonderful cleansing properties.
- Lemon contains Limonene which is known for its “fat dissolving” powers. It also increases energy, improves digestion, and suppresses appetite.
- Peppermint works wonders when it comes to soothing an upset stomach. It has the ability to give you more energy, stop cravings, and leaves you feeling full longer after a meal.
- Lemongrass can be diuretic in nature, and thus helps in flushing toxins and waste from the body. It can also help curb cravings.
- Ginger Root is used for weight loss as it increases metabolism, stimulates circulation, and assists with excretion of toxins from the body.

general uses

INTERNAL

- Add 3 to 6 drops to 10 ounces of liquid first thing in the morning, and then again 15 to 30 minutes before each meal.

pregnancy & children

- Safe when used as directed.
