product summary

Transform assists with the release of emotional patterning or traumatic experiences that are stored on a cellular level in our limbic system. This blend gives us the needed push and courage to let go and release old beliefs and open ourselves to new beliefs, allowing us to make needed adjustments during times of change.*

Supports and moves us to open up to our own personal transformation and changes, particularly in areas where we know changes need to be made yet are hesitant to take action.*

In times of change, fearing the unknown territory of transformation, we may choose to remain in our all too familiar state of suffering. This blend gives us the needed push and courage to let go and move on.*

Only you can choose to live a meaningful and joyous life!*
