## product summary

Varicose veins, also known as spider veins, result from pressure on blood vessels that makes blood pool and veins bulge. Varicose veins can have serious complications that include hemorrhaging, blood clots, phlebitis, swollen ankles, and leg ulcers.\*

Hemorrhoids are very common in both men and women, and about 50% of the population in the U.S. have hemorrhoids by age 50.\*

Venous Relief is formulated with Essential Oils that are known to assist the body with varicose veins, phlebitis, and hemorrhoids.\*

## ingredient highlights

**Cypress:** Well known for its ability to stimulate blood flow, is beneficial in the treatment of unsightly varicose veins. Its properties act to strengthen and tone the circulatory and nervous systems and relieve circulatory and lymphatic congestion.\*

**Green Myrtle:** Used and written about for centuries, it is antiseptic and bactericidal, particularly in pulmonary and urinary infections. It has an astringent effect and can be useful with hemorrhoids, especially combined with Cypress.

**German Chamomile:** Has anti-inflammatory properties that make it a valuable addition to Venous Relief since varicose veins, phlebitis, and hemorrhoids are all linked to inflammation.

## suggested use

- Apply neat (undiluted) directly to areas of concern twice daily. Can be used for an extended period of time.\*
