

Venous Relief

soothing blend

Ingredients: Cypress, Myrtle, green; Chamomile, german; Sesame Seed

Varicose veins, also known as spider veins, result from pressure on blood vessels that makes blood pool and veins bulge. Varicose veins can have serious complications that include hemorrhaging, blood clots, phlebitis, swollen ankles, and leg ulcers.*

Hemorrhoids are very common in both men and women, and about 50% of the population in the U.S. have hemorrhoids by age 50.*

Venous Relief is formulated with Essential Oils that are known to assist the body with varicose veins, phlebitis, and hemorrhoids.*

Cypress Essential Oil, well known for its ability to stimulate blood flow, is beneficial in the treatment of unsightly varicose veins. Its properties act to strengthen and tone the circulatory and nervous systems and relieve circulatory and lymphatic congestion.*

German Chamomile's anti-inflammatory properties make it a valuable addition to Venous Relief since varicose veins, phlebitis, and hemorrhoids are all linked to inflammation.

Green Myrtle has been used and written about for centuries. It is antiseptic and bactericidal, particularly in pulmonary and urinary infections. It has an astringent effect and can be useful with hemorrhoids, especially when combined with Cypress Essential Oil.

suggested usage (10 years & up)

BATH:

- Not appropriate for the bath.*

INHALATION

- Not appropriate for inhalation.*

INTERNAL

- Not to be used internally.*

MISTING

- Not appropriate for misting.*
