

bePREPARED

bePrepared teaches you how to plan ahead and to love yourself enough to gather the goods, ideas and relationships that support you and your business.

It helps you maintain the balance between gathering and giving which is essential to the flow of energy in your life.

SOOTHING, SUPPORTIVE, PREPARATIVE

It lets you live beyond fear, knowing that you will always be guided to prepare yourself and have all your needs met.

With today's uncertain financial times and looming economic crisis it is wise to be prepared.

Let bePrepared become your mentor for preparedness, gathering what you need and reserving something for the future.

This blend will help connect you to the rhythms of the Earth and your body and you will know what you will need for the "lean times" when you will have to depend on your reserves.

You must become aware of where you are leaking energy by negative thought and worry as well as what situations and people drain your energies leaving you unprepared to handle the stresses in your life. With bePrepared you can feel safe, secure and provided for.

You can connect to a Higher Power, trusting in your ability to manifest what you need in the material world.
