

Eucalyptus Citriodora

eucalyptus citriodora 10ml

Also known as Lemon Eucalyptus, this variety is a highly effective natural insect repellent, excellent for use instead of products containing DEET. It is often preferred over citronella oil due to its citronellal and citronellol content.*

Historically used in sachets and cupboards to repel moths, cockroaches, and silverfish. Also used to repel mosquitoes. An excellent aid for insect bites and lice.*

Of great benefit as an air purifier and freshener when diffused. Excellent in musty or humid areas, particularly where mold is a problem. A potent anti-fungal, antiviral, and antibacterial oil.*

Helpful aid for respiratory conditions and infectious diseases such as asthma, laryngitis, chickenpox, colds, fever, sore throat, and Staphylococcus aureus.*

Effective against fungal infections (including athlete's foot); beneficial to skin problems such as burns, blisters, wounds, herpes, and has been helpful in eliminating dandruff.*

USES

aromatic

- **Diffusion:** Diffuse 10 minutes per hour throughout the day to refresh the air and repel insects.*
- **Misting:** To create an insect repellent, add 15 to 20 drops to 4 ounces of distilled water in an amber glass or PET plastic spray bottle. Shake well before each use. Spray into the environment as desired to repel flying insects.*

topical

- **Massage:** Apply neat to soles of the feet to uplift and brighten mood.*
- **Shampoo/Lotion:** Add 2 drops per ounce of shampoo or lotion for an invigorating pick-me-up.*

topical dilution guidelines

- **Healthy individuals ages 10 and over:** Dilute to 10% (60 drops per 1 ounce of carrier oil). A topical dilution of 25% (150 drops per 1 ounce of carrier oil) may be warranted in cases of severe pain, bad bruising, or serious muscle cramping.*
