

Clay & Tea Tree

deodorant 2.5oz

Sweating is a natural and necessary function of our bodies, and we all do it. Sweating helps control body temperature and assists in detoxifying the body, but when sweat comes in contact with bacteria on our skin body odor is the result.*

Traditional chemical-laden deodorants often contain aluminum compounds that prevent the body from sweating and tend to block pores. But if we prevent our skin from sweating, bacteria can become trapped and cause even worse body odor. Natural deodorants, on the other hand, help keep the pores open allowing the skin to breathe, and also help kill the bacteria that causes the odor.*

Our aluminum-free Clay & Tea Tree Deodorant is an incredibly effective, natural formula to nourish and deodorize the skin.*

This gentle, natural deodorant features Kaolin Clay to absorb moisture and help balance the skin's pH levels combined with Tea Tree Oil for its incredible bacteria-fighting properties.*

ingredient highlights

Kaolin Clay: With an ability to absorb impurities from deep within the skin, Kaolin Clay can help restore and balance the skin's pH levels. It may also benefit skin issues like irritation, redness, and acne.*

Tea Tree: With scientifically-proven antibacterial and antimicrobial properties, Tea Tree is an ideal alternative to commercial deodorants. It kills odor-causing bacteria quickly and naturally, and may reduce underarm pores. Tea Tree oil is also high in natural astringents that can help reduce perspiration.*

Grapeseed Oil: Extracted from real grape seed, this oil has several important health benefits, and is a good source of essential fatty acids and vitamin E. It's packed with antioxidant benefits to nourish and moisturize skin.*

Tapioca Root Powder: Well-known for absorbing moisture and neutralizing odor, tapioca root powder helps keep underarms dry without aluminum or artificial fragrances, and without clogging the pores.*

Castor Seed Oil: This oil is rich in ricinoleic acid, a monounsaturated fatty acid known for its moisturizing properties and its ability to assist with skin inflammation.*

uses

- For external use only. Apply to underarms only; re-apply as needed throughout the day.*

Fresh

bentonite clay tooth cleansing powder 2oz

Fresh mouth. Clean ingredients. Now you can have healthy, clean teeth and gums without artificial flavorings, artificial sweeteners, fluoride, carrageenan, triclosan, and sodium lauryl sulfate. Fresh Tooth Powder refreshes and cleans with powerful calcium bentonite clay, pink Himalayan salt, pure essential oils, and healing herbs.*

ingredient highlights

Bentonite Clay: Montmorillonite (Bentonite) Clay is a form of volcanic ash that is antibacterial and anti-inflammatory. It is a rich source of trace minerals like calcium, iron, copper, and zinc. When Bentonite Clay gets wet, it expands, changes its electrical charge to a negative charge, and becomes like a big sponge that can absorb toxins. It also has an alkalinizing effect that is beneficial for the health of teeth and gums.*

Pink Himalayan Salt: This all-natural salt is estimated to contain as many as 84 trace minerals that are naturally anti-inflammatory and antibacterial. Brushing with Pink Himalayan Salt can assist in removing bacteria from the teeth and gums, which helps in preventing the buildup of plaque and tartar.*

Peppermint Essential Oil: This tried-and-true remedy has been used all around the world for more than a thousand years. It kills bacteria and fungus, both of which can cause infections in the mouth or lead to the development of cavities. Peppermint oil is especially effective against anaerobic bacteria, which love a low-oxygen environment such as the spaces between teeth or below the gum line where cavities can form and thrive. Studies have shown that peppermint oil is more effective in reducing cavities than many of the active chemical ingredients used in commercial mouthwashes.*

Clove Essential Oil: Used in traditional Indian and Chinese medicine for centuries to relieve tooth pain, modern clinical research has indicated that clove oil can relieve tooth pain and bad breath, as well as help reduce gum disease. Clove oil also has the natural ability to restrict the development of bacteria and can help fight mouth and throat infections.*

Spearmint Essential Oil: An excellent antifungal and breath freshener. Studies show that using spearmint and/or peppermint oil for oral hygiene can help delay the process of gum disease and gingivitis. It is believed by some to have the ability to assist with toothaches as well.*

USES

- Wet toothbrush. Dip in powder and brush as you normally would. Rinse.*

Pink Grapefruit

citrus paradisi 10ml

Pink Grapefruit Essential Oil has anti-depressive properties and an incredible fragrance that makes it a good choice to add to a perfume blend. It is uplifting as a diffuser oil and blends well with citrus, florals, and especially with Sandalwood essential oil.*

Pink Grapefruit is a very refreshing oil helpful in combatting depression and fatigue. It is cooling, cleansing, decongesting, and can be beneficial for the liver and a sluggish lymph system.*

Further, the pleasing aroma has laboratory-confirmed appetite reducing effects. Adding a drop of Pink Grapefruit to drinking water gives a refreshing zing that also has wonderful cleansing properties.*

Like many of the citrus oils, Pink Grapefruit, has a unique "fat dissolving" characteristic. Pink Grapefruit is famous for reducing cellulite and can be used with a favorite carrier oil.*

uses

aromatic

- **Diffusion:** Diffuse 10 to 15 drops in 5 minute intervals throughout the day to assist with mood elevation, lethargy, and appetite reduction.*
- **Inhalation:** Place 1 to 2 drops on a tissue, cotton ball, or in the palms of the hands and inhale as desired.*
- **Misting:** Mix 15 to 20 drops in 4 ounces of distilled water in an amber glass or PET plastic spray bottle. Shake well and spray for a refreshing aroma.*

bath

- **Bath:** Add 10 to 15 drops to ½ cup Pink Himalayan or Dead Sea bath salts and mix into warm bath water to assist the body in easing cellulite and water retention. Also helpful to lift the spirit and revive the body.*

internal

- **Water:** Add 1 drop to water in a glass, stainless steel, or PET plastic bottle and drink for its decongesting properties; helpful to the liver and lymphatic system. Using 2 drops in bottled water may also support a healthy metabolism.*

topical

- **Facial Cleanser:** Add 5 drops of Pink Grapefruit and 5 drops of Lemon to 2 ounces of Grapeseed Oil. Apply as a cleanser for oily and acne prone skin.*

topical dilution guidelines

- **Healthy individuals ages 10 and over:** Dilute to 10% (60 drops per 1 ounce of carrier oil).*
 - **Children 3 to 5 years:** Dilute 3 drops in 10 ml of carrier oil.*
 - **Children 5 to 10 years:** Dilute 6 drops in 10 ml of carrier oil.*
 - **Pregnancy:** Safe when used as directed starting in the 2nd trimester at 3% dilution (15 drops/1 ounce).*
