

I Imagine

chakra blend 10ml

As our most spiritual chakra, the Crown Chakra is beyond time and place. It is where our spiritual essence enters the physical body, and when we die a natural death, where it will exit the body.*

We receive Divine guidance and protection through the Crown Chakra. The Crown Chakra is where we receive inspiration that can then pass to the Third Eye Chakra to develop into a picture or visualization of that inspiration. Our inspiration becomes our dream.*

It is through the Crown Chakra that we experience a sense of wonder; where we are in awe of the world and the incredible beauty that is around us. The ability to imagine that which does not yet exist is a gift of the Third Eye Chakra. The great advances in science and invention all originated with the Third Eye in cooperation with the Crown Chakra.*

The Crown Chakra allows us to appreciate and experience gratitude for all we have and yet not get too attached to material possessions as we are spiritual beings having an earthly experience, not the other way around. Without a healthy functioning Crown Chakra we may feel abandoned by God and experience what is called the "Dark Night of the Soul".*
