

Seasons of Success

The Seasons of Success oil blends assist in overcoming negative emotions and beliefs that limit you from thoroughly enjoying success and happiness.*

From the first day of Spring, and following the natural cycle of creative energy, each unique blend reflects the energy of a specific month of the year. We start with the Spring Equinox, a time of planting and creating. We then move to the Summer Solstice, a time of nurturing what you have created. From there we enter the Fall Equinox, a time to harvest what you created and nurtured, ending the Seasons of Success line with the Winter Solstice, a time of reflection and review of what you have accomplished and making plans for the future.*

Even though the blends reflect the months of the year with a natural flow of energy, you do not have to wait until Spring to start your pathway to success; you can start any time. The blends contain the energy that naturally occurs in the month they were created. Start by using the blend created for the current month.*

You probably know that if you want to change a habit, you need to practice a new way of thinking consistently for at least 28 days for it to stick. With these fantastic blends and the intention that goes with them, you have a partner on your success journey to creating a new you. If used as intended, at the end of twelve months you should be a happier person in every area of your life; family, health, financial, and business relationships. As with anything, you will get out of it what you are willing to put into it; time, dedication, and, most of all, an unwavering commitment to your success.*

spring Prosperity • Letting Go Of Fear • Personal Power

Here, we have outflowing energy giving us inspiration and freedom from limitation. This is where we experience the power of discovery and the birth of new projects. This is the period of the Earth's natural cycle when the energy to initiate a start-up, or start over, naturally supports your efforts. Using the three blends coinciding with the three months of Spring, you can align with this natural energy.*

summer Seeing The Big Picture • Joy • Stop Self Sabotage

Summer is the definition of joy, fun and the inner child. The good weather gives us optimism and is a great time to "see the bigger picture". Sunlight always helps us feel like we can accomplish anything we set our mind to. Take your inner child out to play and when you return to work you will be happier and more effective than ever. Keep in mind, your business partners will follow the example you give them.*

fall Self Aware • Gentle Change • Compassion

We generally associate Fall with harvest time, cooler nights, shorter days, and pumpkin pies. At this point you can reflect on your family, friends, partners, and loved ones who have joined you on this journey. You have worked through the first six emotional blends and increased your potential for emotional healing and success while guiding others to do the same. In Spring, you planted the first seeds of emotional healing and success, and in Summer you nurtured those seeds into a robust and self-empowered circle. It is now time to consider what comes next. It is important to remember that people don't always do what you say, they do what you do. The blends for Fall will help you refine how you move forward to even more significant emotional healing and success for everyone.*

winter Gratitude • Hope • High Vibe

The season of Winter is where you gain wisdom from the experience you had in the seasons before, and start anew with that experience embodied. It is about the gathering of energy to begin preparing for a new beginning and a return to the season of Spring to start the cycle afresh. Winter represents letting go of the old and accepting new opportunities with a chance to do things differently come Spring. If you need to end some relationship or project or cleanse and purify your life of any negativity that no longer serves your highest good; now is the time.*

Joy

JULY: BLEND 5 15ml

In most businesses, especially sales, July can be a long month. People are thinking about vacations, not work. This is an excellent opportunity to take time with family and your business partners to combine work and play. Know that it's alright to have fun. It is not only okay to balance work and play, it is necessary to experience joy and happiness as they are essential to your well-being.*

This month is the perfect time to take a camping trip with your family and the families of your partners. Or have a backyard barbecue and invite your leaders and their families. Getting to know them and their families personally in a relaxed and fun environment can go a long way toward cementing loyalty and making people feel cared for and a part of something exciting. Rather than giving them a business lecture, let them know how grateful you are to have them with you on this incredible journey.*

The aroma of Joy creates a feeling of optimism and positivity and relieves moodiness and irritability while instilling joyful feelings, often accompanied by child-like laughter.*
