

Balsam Fir

abies balsamea 10ml

Canadian Balsam Fir has the Latin name *Abies balsamea*; the meaning of the genus name "Abies" is "living for a long time" or "great longevity".

Abies balsamea is only found in North America; there are fir species in Europe, but not the *Abies balsamea*. It is unique because of the oleoresin called balsam that oozes from the bark. Balsam resin has two primary uses. Firstly, it is a wound healing substance used first by the Native Americans. Secondly, it is used in the optical industry because its refraction index is very near that of glass, minimizing image distortion.*

Balsam Fir has a powerful psychological influence; it helps release many of the emotional issues behind illness. It helps to open and free the mind and heart. It is believed by Dr. Daniel P eno el to protect the healthcare worker from picking up negative energy released by their clients and patients.*

Balsam Fir gives exceptional mental clarity, assisting us to let go of old mental patterns that are detrimental.*

USES

aromatic

- **Diffusion:** Diffuse 10 to 12 drops in a cool mist essential oil diffuser to bring the relaxing, grounding aroma of the forest into your home. Especially nice around the winter holidays!
- **Misting:** Mix 5 drops per 1 ounce of distilled water in an amber glass or PET plastic bottle, shake well, and mist into environment as desired.*

bath

- **Bath:** Add 8 to 10 drops to   cup Pink Himalayan or Dead Sea bath salts and mix into warm bath water.*

topical

- **Massage:** To assist the body with sinus infections, apply diluted Balsam Fir on each forefinger and, beginning at the outside end of the eyebrow massage very gently just under the eyebrow towards the top of the nose. Be extremely careful not to get any into the eyes.*
- **Massage:** Apply 2-3 drops neat (undiluted) on painful muscles or joints.*
- **Massage/Lotion:** Add to hand & body lotion or the carrier oil of your choice for an invigorating yet relaxing massage with anti-inflammatory benefits.*

topical dilution guidelines

- **Healthy individuals ages 10 and over:** Dilute to 10% (60 drops per 1 ounce of carrier oil). A topical dilution of 25% (150 drops per 1 ounce of carrier oil) may be warranted in cases of severe pain, bad bruising, or serious muscle cramping.*

Seasons of Success

The Seasons of Success oil blends assist in overcoming negative emotions and beliefs that limit you from thoroughly enjoying success and happiness.*

From the first day of Spring, and following the natural cycle of creative energy, each unique blend reflects the energy of a specific month of the year. We start with the Spring Equinox, a time of planting and creating. We then move to the Summer Solstice, a time of nurturing what you have created. From there we enter the Fall Equinox, a time to harvest what you created and nurtured, ending the Seasons of Success line with the Winter Solstice, a time of reflection and review of what you have accomplished and making plans for the future.*

Even though the blends reflect the months of the year with a natural flow of energy, you do not have to wait until Spring to start your pathway to success; you can start any time. The blends contain the energy that naturally occurs in the month they were created. Start by using the blend created for the current month.*

You probably know that if you want to change a habit, you need to practice a new way of thinking consistently for at least 28 days for it to stick. With these fantastic blends and the intention that goes with them, you have a partner on your success journey to creating a new you. If used as intended, at the end of twelve months you should be a happier person in every area of your life; family, health, financial, and business relationships. As with anything, you will get out of it what you are willing to put into it; time, dedication, and, most of all, an unwavering commitment to your success.*

spring Prosperity • Letting Go Of Fear • Personal Power

Here, we have outflowing energy giving us inspiration and freedom from limitation. This is where we experience the power of discovery and the birth of new projects. This is the period of the Earth's natural cycle when the energy to initiate a start-up, or start over, naturally supports your efforts. Using the three blends coinciding with the three months of Spring, you can align with this natural energy.*

summer Seeing The Big Picture • Joy • Stop Self Sabotage

Summer is the definition of joy, fun and the inner child. The good weather gives us optimism and is a great time to "see the bigger picture". Sunlight always helps us feel like we can accomplish anything we set our mind to. Take your inner child out to play and when you return to work you will be happier and more effective than ever. Keep in mind, your business partners will follow the example you give them.*

fall Self Aware • Gentle Change • Compassion

We generally associate Fall with harvest time, cooler nights, shorter days, and pumpkin pies. At this point you can reflect on your family, friends, partners, and loved ones who have joined you on this journey. You have worked through the first six emotional blends and increased your potential for emotional healing and success while guiding others to do the same. In Spring, you planted the first seeds of emotional healing and success, and in Summer you nurtured those seeds into a robust and self-empowered circle. It is now time to consider what comes next. It is important to remember that people don't always do what you say, they do what you do. The blends for Fall will help you refine how you move forward to even more significant emotional healing and success for everyone.*

winter Gratitude • Hope • High Vibe

The season of Winter is where you gain wisdom from the experience you had in the seasons before, and start anew with that experience embodied. It is about the gathering of energy to begin preparing for a new beginning and a return to the season of Spring to start the cycle afresh. Winter represents letting go of the old and accepting new opportunities with a chance to do things differently come Spring. If you need to end some relationship or project or cleanse and purify your life of any negativity that no longer serves your highest good; now is the time.*

Compassion

NOVEMBER: BLEND 9 15ml

Compassion is a character trait innate in humans, but not necessarily being used by all humans. There are many ways to express compassion, but we will stick with just these three.*

First and foremost, motivate others. Many people find motivation to be something they struggle with, and in turn, they find it challenging to take action. Not taking action is like pulling over on the side of the road, not knowing what you are waiting for. With your help and the help of your group, encouraging words and positivity can uplift someone's spirit and get them back on the road.*

Second, say encouraging words. The world we live in today is absorbed by negativity. For many, it seems that nothing they do is right or working out for them. Instead of dwelling on everything they are doing wrong, use your words to tell them what they are doing right and encourage them to continue working toward their goals.*

Third, nurture your relationships. Nurture relationships by taking time to listen to others. Sometimes, a relationship can be built and nurtured simply by listening. You can contribute to the conversation using your encouraging words, but try to not take over the conversation; if you do, you are no longer listening. It's easy to be the only person talking, and it's much more difficult to hear the contributions of others. Listening builds a strong sense of caring and trust.*

uses

topical

- **Wrists:** Apply 2 to 4 drops to wrists and inhale as you repeat the following intention each day for 28 days:*

Compassion Intention

I forgive myself for the times I may have been unkind in action or spoke unkindly without compassion to myself or others. I understand that unkindness destroys relationships, and encouraging words of kindness build long-lasting relationships. As I compassionately lift up others, I raise myself up, and we all succeed.

- **Feet:** Apply 2 to 4 drops on bottoms of big toes on each foot. Because the soles of the feet are commonly less sensitive than other areas of the body due to their thicker skin, essential oils can generally be applied to the feet without irritation, and are quickly absorbed into the body.*
- **Perfume/Cologne:** For a safe, healthier alternative to synthetic fragrances, apply 2 to 4 drops on pulse points behind the ears, at the base of the throat, on the wrists, inside the elbows, and behind the knees.*
- **Massage/Lotion:** Add a few drops to unscented/perfume-free lotions, creams, and massage oils. Patch-test before applying to large areas.*

aromatic

- **Diffuser:** Diffuse 10 to 15 drops in a cool mist essential oil diffuser for 5 to 8 minutes per hour as desired, throughout the day.*
- **Body Spray:** Mix 15 to 20 drops into 4 ounces of distilled water in a cobalt blue glass or PET plastic spray bottle. Shake vigorously and mist around yourself to release resistance to expanding the aspect of yourself that wants to open more fully to giving and receiving love.*
- **Room Spray:** Mix 15 to 20 drops into 4 ounces of distilled water in a cobalt blue glass or PET plastic spray bottle. Shake vigorously and spray into the environment as desired.*

bath

- **Bath:** Add 5 to 10 drops to ½ to 1 cup of Pink Himalayan or Dead Sea bath salts, and add to warm bath water. Soak 10 to 20 minutes to enhance emotional balance and support loving compassion for yourself and others.*

Black Seed Oil

nigella sativa 1-Ounce

Black Seed (Nigella Sativa) is a traditional herb that has been used for centuries to promote health and general well-being. Also known as Black Cumin, Black Caraway, or the "Blessed Seed", Black Seed has a rich and diverse chemical composition containing the phytochemicals thymoquinone and crystalline nigellone, antioxidants, amino acids, proteins, carbohydrates, essential fatty acids, and minerals like calcium, iron, and potassium.*

Since 1959, over 500 peer-reviewed studies at international universities and untold journal articles have been published on this multi-faceted herb, and many of Black Seed's components are still being discovered and researched.*

Millions of people in Asia, the Middle East, Eastern Europe, and Africa have used Black Seed for thousands of years to support the body with a variety of concerns like respiratory health, stomach and intestinal complaints, circulatory and immune system support, and skin conditions.*

Black Seed may support metabolism and improve digestion, and published studies have shown that it may have a healthy effect on blood sugar levels.*

Thymoquinone, the chief bioactive constituent in Black Seed, holds promising pharmacological properties against several diseases. It exhibits outstanding antioxidant, anti-inflammatory, anticancer, and other important biological activities.*

ingredient highlights

Apricot Kernel Oil: An antioxidant-rich oil that aids in protection from free radicals. Apricot Oil for skin contains a high content of Vitamin A which helps stimulate cell turnover, plumping the skin and reducing the appearance of fine lines and wrinkles.

Macadamia Nut Oil: Contains a lot of oleic acid, which is great for softening the skin, regenerating skin cells, moisturizing the skin, and is a natural anti-inflammatory. Linoleic acid content helps restore skin barrier function and reduces transepidermal water loss (TEWL).

Avocado Oil: One of the richest sources of beneficial mono-unsaturated fatty acids like oleic acid, Avocado Oil is extremely good at hydrating and softening your skin. Avocado Oil also has anti-inflammatory properties which can help soothe irritation, redness, itching, and swelling.

Black Cumin Seed Oil: Widely used in cosmetic and topical applications, Black Cumin Seed Oil can be applied directly to the preferred areas of skin to hydrate, to soothe acne, burns, and other unwanted blemishes, and to reduce the appearance of signs of aging such as fine lines.

Blue Tansy Essential Oil: Blue Tansy has powerful anti-oxidant, anti-inflammatory, anti-viral, anti-bacterial, and anti-fungal properties which can calm and smooth a range of skin concerns including eczema, acne, and sun damage.

Bulgarian Rose Essential Oil: This opulent oil is well-known for its incredible, sensuous aroma and its anti-fungal, anti-inflammatory, and antioxidant properties. It has been widely used for centuries to treat various skin concerns such as acne, dullness, dryness, and aging.

Frangipani Essential Oil: The glycosides in Frangipani oil play a vital role in hydrating the skin by binding water molecules and promoting collagen production. It soothes dry and cracked skin, keeping it soft and supple. Lignin is responsible for the well-known anti-aging benefits of this oil.

suggested use

- Massage into face, neck, and décolletage, morning and night. Use the pads of your fingers to gently give special attention to areas with developing lines or wrinkles.*
