

Tox-B-Gone

kids detoxification blend 10ml

Antibiotics are among the most frequently used pharmaceuticals, and are, unfortunately, excessively prescribed, especially to children. While antibiotics have saved millions of lives, they are not without side effects. They do not discriminate between harmful bacteria that make us sick and healthy bacteria needed to maintain our bodies.*

Tox-B-Gone is a proprietary blend of essential oils that have been shown to assist and support the body with detoxing following the use of prescription antibiotics in children ages 3 years and over.*

ingredient highlights

- **Palmarosa** has been studied for its liver-protective benefits. Its antiviral, antibacterial, and antiseptic properties make it useful in reducing fever.*
- **Lemon** is an amazing cleanser and purifier known to be antiviral and anti-infectious. As a result, it is considered the #1 Essential Oil to kill bacteria.*
- **Dill Weed** has strong antimicrobial properties for fighting pathogens, and has shown an ability to inhibit or kill multiple strains of bacteria and fungi.*
- **Peppermint** has antiviral and antimicrobial properties and is liver-supportive, which can benefit the immune system and help the body fight infection.*

uses

topical

- **Ages 3 to 5 years:** Roll over kidney reflex points of feet once per day for 7 days following use of prescription antibiotics.*
- **Ages 6 years and above:** Roll over the kidney area on back and kidney reflex points of feet twice per day for 7 days following use of prescription antibiotics.*

topical dilution guidelines

- **Healthy individuals ages 10 and over:** Dilute to 10% (60 drops per 1 ounce of carrier oil). A topical dilution of 25% (150 drops per 1 ounce of carrier oil) may be warranted in cases of severe pain, bad bruising, or serious muscle cramping.*
- **Children 3 to 5 years:** Dilute 3 drops in 10 ml of carrier oil.*
- **Children 5 to 10 years:** Dilute 6 drops in 10 ml of carrier oil.*
- **Pregnancy:** Safe when used as directed starting in the 2nd trimester at 3% dilution(15 drops/1 ounce).*
