

Tri Remedy For Kids

protective blend 10ml

The common cold and influenza have similar symptoms, and both are contagious respiratory infections. Although there is no cure for either a cold or the flu, easing some of the associated discomforts can help everyone during a child's illness.*

Kids Tri Remedy is a proprietary blend of Essential Oils that have been shown to assist and help support the body with colds, flu, and other viruses.*

ingredient highlights

- **Lavender Spike:** Sometimes referred to as Spanish Lavender, is native to Spain, France, Italy, the Mediterranean region, and Northern Africa. It contains a greater percentage of camphor than regular Lavender, giving it stronger analgesic and expectorant properties. It is an excellent choice for easing headaches, muscle aches, pains, and the discomfort associated with arthritis.*
- **Ravintsara:** One of the most versatile and indispensable essential oils. It is known to be potent, yet safe and gentle. Ravintsara has been used for centuries in fighting infections.*
- **Rosemary ct. 1,8 cineole:** Excellent with pulmonary congestion and respiratory conditions such as colds, flu, strep, bronchitis, and sinusitis. Its stimulating and uplifting properties are of added benefit when dealing with asthma or other respiratory issues involving a nervous or emotional component.*
- **Eucalyptus Radiata:** Primarily an essential oil for the respiratory system. It is a powerful expectorant and mucolytic with good ability for fluidification. It is gentle yet effective for respiratory problems and is easily tolerated by children.*
